

Cissna Park School
District Unit #6
Board of Education

November 2023

Hello There!

As we enter into this season of Thanksgiving, we want to say how proud and thankful we are to have every teacher, staff, administrators, and students at Cissna Park Schools!

You may have noticed that we have some new faces in the building, and we would like to welcome those who have recently become part of the Cissna Park Schools family!

Rachel Hurliman: Jr. High & Sr. High Principal

Chelsea Samet: Ag Foods

Sarah Landon: 6th-9th Grade Mathematics

Kara Eisenmann: Elementary Music & Jr. High Band

Remember that you can always contact any of us on the board with a question, concern, or comment by emailing us directly. Just visit the Board of Education tab under the District Information page of the school website for more information.

Thank you for supporting our school!

Cissna Park School District Unit #6 Board of Education

Board Members:

KRISTINA PHELAN

President

BRENT NEUKOMM

Vice President

JASON EDELMAN

BETH DODD

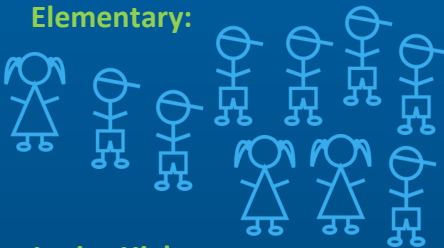

TRENT KAEB

BRET NEUKOMM

TORI LEGAN

Board members are parents, too!
Here is the breakdown of students that we have in each school this year.

Elementary:

Junior High:

High School:

Graduated:

A **HUGE** shout out to the Cissna Park PTO that is working on getting our school a brand new sign as well as the Cissna Park Booster Club that recently helped purchase new uniforms for our sports program! It takes a village to keep our school strong and we appreciate you!

What's Going on with the Parking Lot?

You may have wondered what we are doing with the parking lot in recent years. We have now completed two sections of the parking lot where the drainage and flooding was bad. While the entire parking lot needs help, we are choosing to redo it in sections so that it is more budget-friendly. We have maximized the state's maintenance grant funding each year for this project. It may take some time, but we hope you'll be patient with us!

Check Out Our Cool Books!

While we think that books are cool to read, the library is also feeling cooler now as the library A/C project is completed. We hope that this helps keep the library and junior high area cooler as well as keep our book investment safe from humidity and damage. Go check out the cooler library if you haven't yet!
