Updated Security Measures

The safety of our school is our #1 priority. We have installed new security measures on campus to help keep everyone safe. These new additions include cameras, door locks, and new safety protocols. Please note that you will need to be buzzed into the main office doors during the school day to enter the building.

A **HUGE** shout out to the Cissna Park Elementary PTO that worked to update the elementary bathrooms this summer! Your hard work is greatly appreciated and the bathrooms look amazing!

What time is that game today?

Check out the Upcoming Events

section on the school home page for information about what is happening at Cissna Park Schools on a daily basis!

Brrr! It's Cold In Here!

In addition to the classroom window air conditioners installed last year, we continued with the process to include the Junior High classrooms this summer. We also installed a new A/C unit in the kitchen and plan to upgrade the library system soon.
